RE: Mission Truck Update
May 25, 2023

Dear Sisters and Brothers in Christ:

It is with great pleasure, tremendous praise to God and extremely humble hearts that I share with you the awesome news that we have reached our goal for the new mission truck in less than a month! This is a miracle of generosity that has moved us to heartfelt tears of joy. Once again, our faith has been confirmed as we know and share the good news that our God is an Awesome God!

How can the creature say "Awe?"

How can the creature say "Praise?"

How can the creature say "Thanks?"

We are nearly speechless in the wake of this outpouring of love and generosity. We are convinced that God is showing a glimpse of God's power and loving kindness. We only want to respond as faithful disciples to this great flow of goodness in our midst.

To that end, we know that most of you are still in the process of praying and discerning your response to this appeal. Please rest assured that we will be faithful in using any additional gifts for the ongoing transportation needs of this ministry. There are needs for fuel, tires, inspections, maintenance, and insurance that must be paid year after year.

Your generous gifts for transportation allow Hearts and Hands for Jesus to expand our mission of bringing Christ-centered worship to Limon and the surrounding regions of Costa Rica. They allow us to be fruitful in sharing food with hungry families by delivering to where it is needed from the farm. And as we know, children who are well fed are able to concentrate to learn more easily, therefore contributions empower us to reach more people with the educational resources they need to improve their lives by moving out of poverty. Please know this is a wholistic ministry that touches every aspect of the lives of God's people.

Finally, we have a core value of faithful stewardship. We covenant with God and one another to use God-given resources wisely under the inspiration of the Holy Spirit. We believe God is clearly expanding this whole mission through the means of reliable transportation. We are humbled as we believe great gifts demand great responsibility in how they are used to prosper the gospel.

Praise God, and thank you for your generosity. Additional gifts will be used in the same spirit for the same purpose of the original call.

Grace and peace to you,
Rev. Austin L. Chinault, II
