

July 2024

Greetings to everyone from Limon. Crosby and I hope you have been enjoying the student of the month features showing of some of the students who are helped through the education outreach ministry. We strive to fulfill the mission statement of HH4J "Breaking Chains, Sharing God's Love, Changing Lives."

Through your support of this ministry, we had an amazing experience of taking 19 students on an educational fieldtrip to Microsoft in San Jose. Microsoft has 9 employee resource groups that connect, find and provide critical support, nurture community, and help activate diversity and inclusion at Microsoft. The "BAM" program specifically reaches out to Afro-Caribbean community in Costa Rica. I am proud to say this all came about through one of my former students, Michelle Hidalgo Solano.

The students were divided into two different groups High School, and graduates and University students. They were given workshops and testimonies from employees during this all-day event motivating them to pursue their dreams and overcome challenges.

Not only is our educational program preparing children, youth, and young adults for their future, but also their spiritual growth and relationship with God. Pastor Siany and I have been working with the youth this year and have just finished a series on the Holy Spirit and its fruit. We have been praying for someone to help us with our youth. A young woman, Jenny Reid, has volunteered to come from SJ to help us once a month until she attends The School of Transformation ministry in Northern California next year.

Proverbs 22:6 "Train up a child in the way he should go: and when he is old, he will not depart from it." We as the body of Christ have that responsibility as well as the parents to teach, train, direct, start, and to give instruction to them. These are to be done; In the way they should go, how they should live, differentiating right from wrong, guiding them onto the right path, and the way appropriate for them.

Serving Christ in Costa Rica,

Crosby and Sally Johnson

Prayer requests for our educational outreach:

1. Financial support for: graduation packets, materials, bus passes, school registration for 2025 and backpack supplies for 2025
2. Prayer for a successful school year 2024 ending in December, and graduations
