

STUDENT HIGHLIGHT OCTOBER

Meet Wendolyn!

Hearts and Hands for Jesus assisted with the educational needs of her Mother, who was one of the first-generation high school graduates in her family. Her Mom now takes books home from church to read with her children, something her Mother was unable to do before Hearts and Hands for Jesus' help.

This spunky 5-year-old regularly attends church at Harvest Tabernacle along with her Mother, 2 brothers, Grand-Mother and Great Grand-Mother. She loves Sunday School and is always there when Bible School is offered by Mission Teams.

This has been a difficult year for Wendolyn and her family as her Father died after a lengthy illness and her baby brother is medically fragile, requiring a lot of time and attention from Mom. Even in the midst of her family's challenges Wendolyn thrives. Her laughter is often heard at church and her smile lights up the room.

What school do you attend?

Wendolyn: I go to Margarita Rojas Zúñiga School in Pueblo Nuevo. I am excited because I graduate from kindergarten this year and will be going to primary school next year.

What do you like to do in school?

Wendolyn: I like to study and color; my favorite color is pink.

What do you like to play?

Wendolyn: I like to pretend I am a Princess.

What is your favorite food?

Wendolyn: I have 2 favorites, rice with beans, and pizza.

What are some other things you like?

Wendolyn: I like unicorns and watching Peppa Pig.

If you could go on vacation, where would you like to go?

Wendolyn: I would like to go to San Jose, the beach, Rio La Bomba, and Panama.

What do you like to do at church?

Wendolyn: I like to learn new songs and to sing, to color, and to pray to God.

Please lift Wendolyn and all the students Hearts and Hands for Jesus supports and encourages in prayer for a successful school year. Your love, prayers and support make it possible for many students to remain in school and break chains of illiteracy. Your support and prayers are her hope for a better future.

Your donations do not only support the needs of the children and families now but enable those students and families to support the needs of future generations.
