

## **STUDENT HIGHLIGHT AUGUST**

**Say hello to Lashana! Lashana lives with her Mother, Step-Father and little sister, Krisfanie. She also has a step-brother, Christian. She is one of the very faithful members of Harvest Tabernacle attending Sunday School, Youth Group, Sunday Worship and monthly Prayer and Fasting. If the doors are open at the church, you will likely see her there. Fun fact, she often coordinates her Sunday attire with her mother and sister all wearing the same outfits or colors.**

### **What grade are you in and what is the name of your school?**

Lashana: I am in 6<sup>th</sup> grade, my last year of elementary school, at Escuela Rafael Iglesias Castro.

### **What is your favorite class and why do you like it?**

Lashana: My favorite class is math. I am pretty good in this class so that is why I like it.

### **What do you like to do for fun?**

Lashana: I like to dance and hope we can start a new liturgical dance group at the church. I also love when Sister Sally has us come to her house to swim and I like to make things. In Sunday School I like when we make cards or have a coloring page with a Bible verse.

### **What is your favorite food?**

Lashana: My favorite food is rice and beans even though Brother Crosby teases me and calls me lasagna. I also like green mango too. Sometimes we get them from Sister Sally and Brother Crosby's farm.

### **What do you like to do in Youth Group?**

Lashana: I love it when we play games!!! Some of the games help us remember about the lesson or stories in the Bible. I am pretty good at some of the Bible questions.

### **Do you have any pets?**

Lashana: I have a pet dog named Coco and I used to have a pet chicken.

### **What makes you happy?**

Lashana: Listening to songs makes me happy.

**Please pray for Lashana and all the students that Hearts and Hands for Jesus supports through our educational outreach. We will be assisting her and other promoting and graduating students with graduation needs. Your love, prayers and support make it possible for Lashana and many other students to remain in school. Help break chains of illiteracy and bring hope for a better future.**
